UNIVERSITY
IN TORUŃ
Faculty of Philosophy
and Social Sciences

CALL FOR POSTERS

We warmly invite you to Toruń if your developmental science research explores caregiver-child social interactions, children's emotional development, broader perspectives on theory of mind in social development, the cultural shaping of children's thinking, behavioral and neural synchronization between child and caregiver, or related topics such as trust, attachment, and children's communication.

Prof. Arkadiusz Gut and Prof. Marta Białecka

OPENING LECTURE

Prof. Paul L. Harris

Harvard University

Testimony, Young children's selective trust:
established findings and new questions

Friday, June 20, 2025, 11:00 am

Institute of Psychology NCU, room A103
